

promise

Factory

about_us_module::teamMemberFactory

```
classDiagram
    class promise
    class Factory
    class about_us_module_teamMemberFactory["about_us_module::teamMemberFactory"]
    promise <|-- about_us_module_teamMemberFactory
```

The diagram illustrates a class hierarchy. At the top, there is a box labeled 'promise'. Below it, centered, is a box labeled 'about_us_module::teamMemberFactory'. A horizontal line with an upward-pointing arrowhead connects the bottom of the 'about_us_module::teamMemberFactory' box to the bottom of the 'promise' box, indicating that 'about_us_module::teamMemberFactory' is a specialization or subclass of 'promise'.
